2010 Territorial Skills Competition

Skills Canada NWT would like to invite you to the 12th Annual Territorial Skills Competition.

Show us your skills! Compete in the 12th Annual Skills Canada NWT Territorial Skills Competition at Sir John Franklin High School, Ecole St. Patrick High School, the Kimberlite Career & Technical Centre, and the Akaitcho Trades and Technical Centre in Yellowknife on April 20th, 2010. The competition is open to all NWT secondary and post secondary students and apprentices who meet the eligibility requirements. Select competition areas will also be open to Nunavut students where those areas are not offered through Nunavut's territorial competition.

As a competitor you will have the opportunity to:

- compare your skills to those of other northerners;
- experience the work environment of a trade or technology that interests you;
- gain access to industry experts (who could become valuable future contacts);
- win medals and prizes; and
- represent your territory at the Canadian Skills Competition in Waterloo, Ontario.

The Competition

The Skills Canada NWT Competition is a one-day event that highlights trades and technology careers for students, parents, educators, and the general public. It offers a venue for young northerners to showcase their skills in an Olympic-style skills competition. Secondary, post secondary, and apprenticeship students participate in over 15 contests designed to test the skills required in various trade and technology occupations.

The philosophy behind the Competition is to:

- reward students for excellence;
- raise awareness of the importance and value of skilled trades and technology;
- directly involve industry in evaluating student performance; and
- keep training relevant to employers' needs.

Gold medalists may be eligible to join Team NWT to compete against their peers at the Canadian Skills Competition in Waterloo, Ontario.

The Contests

Skills Canada NWT hosts approximately 20 industry-sponsored contests at both secondary and post-secondary/apprentice levels. The Workplace Safety contest will also have a junior level for Grade 8 students. Contests will take place in Yellowknife at Sir John Franklin High School, the Akaitcho Trades and Technical Centre, Ecole St. Patrick High School, and the Kimberlite Career & Technical Centre. Exact locations of contests will be announced on the morning of the competition.

The TV/Video Production contest will involve teams of two; all other contests are individual.

Note: Some contests are Territorial only. Therefore, students competing in these contests will not be eligible to compete nationally. These contests will be indicated by an asterisk.

Scopes

Contest criteria are set by industry experts and educators. Therefore, all contests are appropriate to the level of training and will reflect the industry standards. These standards, or “scopes”, are defined for each contest and are accessible before the competition.

The contest scope sets out all the key information about each specific contest. It outlines the purpose of the contest, the skills and knowledge required, the clothing and equipment requirements, and the names of committee members who developed the challenge.

The hands-on projects, if applicable, will be posted on the Skills Canada NWT website or can be requested from the Skills Canada NWT office.

It is very important that all competitors review the scopes before the competition to make sure they understand the details and expectations of their particular contest.

For complete 2010 Territorial Skills Competition scopes check out the Skills Canada NWT website at www.skillscanadanwt.org or contact the Skills Canada NWT office.

Who can participate?

Contests are open to students who meet all the criteria set out in the scope of the contest in which they wish to compete. If several students from the same area wish to compete, we suggest holding advance in-school or local competitions to determine the most skilled candidates for the territorial competition.

A fee of \$50 is required from each competitor. This fee is non-refundable and helps us to give each participant paid travel to and from Yellowknife, hotel accommodations in Yellowknife, lunch at the event on April 20th, an event t-shirt, and various other supplies and materials associated with each contest and the event as a whole.

Students are eligible to compete in secondary level contests if they:

- Be less than 22 years old on December 31st of the year of the competition
- Are a resident of NT OR are currently attending school in NT
- Attend a secondary-level school at any time between July 1st of the year of the last TSC, and the date of start of TSC for which the competitor is registered
- Are a Canadian citizen or landed immigrant
- Have recent training and experience in their chosen contest area through school courses/programs, work, or a Skills Canada NWT Skills Club.
- Have enough skills and experience in their chosen contest area to compete safely and have a positive experience at the competition. It is the responsibility of each candidate's advisor/coach to ensure that all requirements listed on the scope are attainable by the competitor. **** Unqualified competitors have a higher risk of accident/injury and are less likely to benefit from the experience because they may feel discouraged by their inability to do the assigned tasks.**

Students are eligible to compete in post-secondary level contests if they:

- Have skilled trades and technology training and experience related to the contest through an accredited institution any time from July last year to the date of the Territorial Skills Competition.
- Are not a certified journeyman in the contest area in which they wish to compete.
- Are a resident of NT OR are currently attending school in NT.
- Are a Canadian citizen or landed immigrant

Participants and their advisors will be away from work/school for at least one full day and, in some cases, may require extra time for travel and overnight accommodations.

Early Bird* Registration Deadline is March 5, 2010; final deadline is March 26, 2010

Fully completed registration forms and fees are due by that date. Registration is first come, first served for post-secondary competitors. Secondary competitors are accepted

on a first come, first served basis by region so all NWT regions have an equal opportunity to be represented. Due to limited space in each competition area, Skills Canada NWT reserves the right to limit participation. Contact Skills Canada NWT for more information about contest spaces and regional representation.

It is recommended that youth under the age of 18 who travel to Yellowknife for the competition be accompanied by an advisor/coach/chaperone. Skills Canada NWT will not be responsible for supervision of competitors while in Yellowknife for the Territorial Skills Competition. Skills Canada NWT will help pay for one advisor/coach/chaperone per five secondary competitors from each community/region.

**Anyone registered with payment by the Early Bird deadline has a chance to win prizes. Participants who withdraw their registration before the TSC will not be eligible – offer is only available to actual competitors. Prizes will be drawn at the TSC closing ceremony.
